

Concrete Hoppers

Concrete Hoppers - The self-dumping hopper accessory could automatically start to both dump and release when the bumper release touches the side of a dumpster. Once dumping is finished, the hopper could return to original locked and upright position. This piece of equipment even comes together with a cable that allows operation from the seat of the forklift in order to have the option of manually dumping the hopper. There is a locking chain provided in order to secure the hopper to the tire truck. This product is constructed with reliable and consistent robotic welds for utmost strength. The forklift dumping hopper likewise has a blue powder coat finish in order to maintain durability.
