

TCM Forklift Part

TCM Forklift Part - Forklift trucks are a major player in the material handling field of each global trade. Transporting industrial goods takes place each and every day on our hectic world. First innovated as industrial vehicles in the 1930s in the United States, forklifts gained recognition following WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread worldwide.

In nineteen forty nine, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Now the company is simply referred to as TCM Corporation. Through the years, TCM lift trucks have become a global leader in forklift manufacturing and have built a solid reputation with the industry. TCM started constructing lift truck manufacturing sites outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes many models of industrial trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading company.
